What Our Parents Have To Say...

I cannot imagine a better experience than having my baby/toddler in the Nursery.

Because the teachers are so caring, nurturing, and educated in infant development, they were able to create a stimulating and loving environment that was optimal for the physical and emotional growth of our son. Given the wonderful environment of the Nursery, we truly came to think of it as a second home for our son.

As first time parents, the teachers' knowledge regarding infant development was also immensely helpful to us. They always took the time to help and educate us so that we could grow as parents. With their help, we were able to create a seamless and consistent learning environment between our home and the Nursery. Our baby will begin the Nursery in two months.

As first time parents we were apprehensive. Would our son be happy? Healthy? Loved? Quickly, these "strangers" became an extension of our family. The Nursery teachers raised our child as if he was their own. Our child was **truly** loved. Our son thrived in the Nursery at Beth Am. The teachers planted and nurtured the seeds that have helped him blossom in to the incredible little boy he is today. We are forever indebted to these amazing individuals! We look forward to our new baby joining the Nursery.

"Sending our son to The Nursery at Beth Am was the best decision for our family. As two working parents, we knew that our child was well loved and cared for by the teachers. The school made an effort to connect the Nursery families to one-another during the year. We are thrilled that our son will grow up at Beth Am ECC!"
